Export of a Computer to Poland

Memorandum by the United Kingdom Delegation

The United Kingdom authorities have been asked to approve the export to Poland of a "Short" analogue computer and ancillary equipment valued at \$19, 120 which is covered by the definition of Item 1565.

2. The analogue computer and ancillary equipment are for use by the Akademia Gorniczo-Hutnicza, Katedra Electrotechniki Gorniczej for the investigation of problems concerned with the control of electrical machinery such as coal cutters and traversers. The usual assurances against re-export will be obtained.
